WHY CHOOSE A DASHBOARD COVER

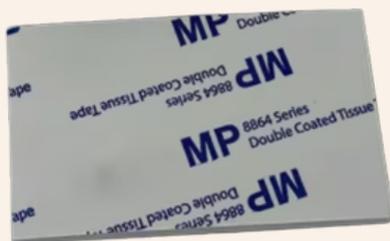

1. UV Radiation: Reduces fading, cracking, and aging of the plastic.
2. Overheating: Keeps the interior and the dashboard temperature lower.
3. Perfect Fit: Custom-designed for each car model, fitting perfectly without wrinkles, gaps, or shifting.
4. Dust & Stains: Limits dust buildup and makes cleaning easier.
5. Windshield Reflections: Covers reduce glare, improving driving visibility.
6. Resale Value Maintenance: Keeps the dashboard in better aesthetic condition.
7. Air Vent Specifications: Features special cutouts so that airflow from the vents is not obstructed.

WHAT THE PACKAGE CONTAINS

**ONE DASHBOARD
COVER CUSTOM-
DESIGNED FOR
YOUR CAR**

**TWO DOUBLE-
SIDED ADHESIVE
STRIPS THAT
ATTACH TO THE
COVER AND THE
DASHBOARD**

INSTALLATION INSTRUCTIONS

CLEANING

01.

Thoroughly clean the dashboard of dust and grease. Use alcohol to remove any silicones. Dry the surface well to ensure the stickers adhere properly.

ALIGNMENT

02.

Spread the cover over the dashboard without applying pressure. Carefully align it with the air vents and speakers. Allow it to sit for a few minutes to take its natural shape.

SECURING

03.

Place the stickers at the necessary points. Press the cover firmly onto the stickers to "snap" it into place. Ensure the fabric remains taut and stable.
